# Longtail Cargo E-bike

# Fiido T2 2025 Highlight strengths

## Mivice Torque Sensor

Detects pedal pressure in 0.01 seconds – precise support makes hill starts easier and stretches the range on flat roads.

## One-Piece Hub, Integrated Wheel

No broken spokes, no maintenance headaches! High-integrity structure increases load capacity too.

## 4-Piston Hydraulic Disc Brakes

No more stress when going downhill fully loaded! Ride safer with powerful and precise braking in all weather conditions.

## 998.4Wh Removable Battery

Range up to 136.26 km, powered by ultra-high capacity battery. Removable for portable charging.

# Fiido Titan 2025 Highlight strengths

## High Torque Motor

Gives you a strong boost when starting from a stop or tackling steep hills with a full load.

## Dual-Leg Kickstand

The bike is stable and upright when parked. No wobbling or tipping when loading or unloading.

## Walk Assist, EU Compliant

6 km/h throttle. Meets regulations in most EU countries. Effortlessly push the bike uphill and haul your stuff.

## Shock-Absorbing Front Fork

60mm Travel. Reduces strain on the rider's hands and shoulders by smoothing out bumps.

## Shimano 7 Speed

Handles rough terrain. Easier cargo climbs.
